ABOUT ME

I am an Information Technology student seeking practical experience through On-the-Job Training (OJT) while utilizing my skills in programming, networking, and database administration. I am a fast learner, dedicated to ongoing development, and eager to participate in team projects within a professional setting.

TECHNICAL SKILLS

Programming Language

Basic knowledge of HTML, CSS, JavaScript, Python, Java, C#, C++, and PHP. Capable of developing simple web pages, writing basic scripts, and building entry-level applications.

Database Management

Basic knowledge of MySQL – able to create, manage, and query databases using SQL for simple data-driven applications.

Networking

Basic knowledge of routing and Cisco configuration (IP setup, subnetting, router/switch configuration)

Tools & Environments

Basic knowledge of XAMPP, Visual Studio Code, Visual Studio, NetBeans, Cisco Packet Tracer, and GitHub.

EDUCATION

Barihan Elementary School	2011 - 2017
Mamplasan National High School	2017 - 2021
Trimex Colleges Inc.	2021 - 2023
Polytechni Univertsity of the Philippines Biñan Campus	2023 - Current
